

The 1869 Society was founded to recognize individuals who demonstrate their deep commitment to St. Joseph's Health and its mission of service by making a planned gift. A planned gift to St. Joseph's Health Foundation helps to ensure the future of the health care services we provide to our Central New York community.

What are planned gifts? They include gifts through your will, gifts of life insurance, gifts of retirement plans or IRAs, gifts of stocks, and bequests. These generous contributions serve as a cornerstone of our future by establishing a strong foundation from which many generations will benefit.

Please let us know of your interest in St. Joseph's. While bequests or any form of gift planning are personal matters, it would be most helpful to have some knowledge of your plans, should you choose to share this information with us. We would like to honor you and your generosity properly.
